

# SCHOOL DESK 73 1-PLACE

1-place school desk for students in elementary school or in high school.

## TABLE TOP

Plywood, thickness 20mm.

Material birch plywood, which is covered with laminate on top and brown backing laminate under table-top. Round corners with radius 10mm.

## LEGS

Ø 30 mm steel tube. Tubes wall thickness 2,5 mm. Powder painted RAL 9006.

Table legs have adjustable floor glides to apply when avoiding swaying of the table on an irregular floor.

## OPTIONAL EQUIPMENT

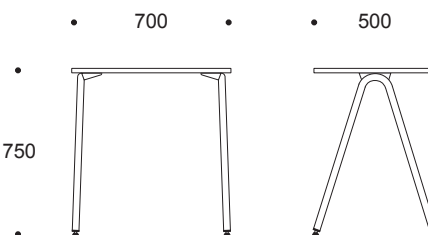

- hook for bag (welded on frame)

The control of the table's strength and hardness is executed in Tallinn University of Technology. European Standard EN 1729-2:2006 Furniture – Chairs and tables for educational institutions – Part 2: Safety requirements and test methods.

Adjustable floor glides

Hook for bag

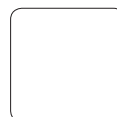

**LAMINATE** is a surface material which is used on furniture details that demand high resistance. It is possible to choose among birch imitation laminate or colored laminate. Laminate is wearproof, durable to scratches and bumps. Surface is easy to clean. As laminate is sunfast, the colorful appearance of the table stays changeless for years.

## STANDARD COLOURS

Laminate
